980 Ninth Street, Suite 400  
Sacramento, CA. 95814-2724

**FEB - 6 2003**

IN REPLY REFER TO

HDA-CA

Document # 41347

Mr. Jeff Morales, Director  
California Department of Transportation  
1120 N Street  
Sacramento, California 95814

Attention: Federal Resources Branch, Room 3500  
For Kris Balaji, Transportation Programming

Dear Mr. Morales:

**SUBJECT:** Sacramento Area Council of Governments (SACOG) Amendment 1 to the  
Metropolitan Transportation Plan For 2025 (MTP) and Amendment 03-01 to the  
2003/05 Metropolitan Transportation Improvement Program (MTIP)

This is a follow-up to our December 23, 2002, approval letter. The SACOG has provided the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) with additional information and a modified listing of lump sum items included as part of MTIP Amendment 03-01 and MTP Amendment 1.

**Previously Excluded Projects**

Based on additional information provided by the SACOG, projects ELD15770 and REG15890 are approved for inclusion in the FSTIP.

**Conditional Approval of Certain Projects Previously Included as Lump Sum Items**

The projects shown in Attachment A (our Enclosure 1) are not of the type or scale that should be included in a lump sum listing in accordance with 23 CFR 450.324 (i) and the Caltrans' guidance on Lump Sums/Line Items. The projects shown in Attachment A are approved for inclusion in the FSTIP and MTP conditioned upon the following:

- Each project shall be listed individually in all future versions of the SACOG's MTIP and MTP.
- Each project shall be listed individually in the California Transportation Improvement Program System (CTIPS) database; and
- Where noted, project titles in both the SACOG's MTIP and CTIPS will be more specific so at a minimum, the project titles will reflect the type of projects being programmed.

**Lump Sum Items not Approved**

The transit projects shown in Attachment B (our Enclosure 2) are not approved for inclusion in the FSTIP.

**Remaining Lump Sum Projects**

The remaining projects included in the SACOG's lump sum listings, except as discussed above, are approved for inclusion in the FSTIP and the SACOG's MTP. The underlying projects comprising these lump sum listings remain subject to all federal planning and programming requirements listed in 23 CFR 450. Planning projects included with MTIP Amendment No. 03-01, whether listed individually, or lump summed must also be included as necessary in the appropriate SACOG Overall Work Program (OWP) per the requirements of 23 CFR 450.314.

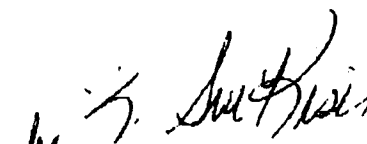

We accept MTIP Amendment No. 03-1 and MTP Amendment 1, in accordance with 23 CFR 450, and find that these SACOG amendments were developed based on a continuing, cooperative, and comprehensive transportation planning process in accordance with 23 USC 134, 23 CFR 450, and section 49 USC 53 of the Federal Transit Act. Our December 23, 2002, conformity determination on these amendments is applicable to this approval.

Furthermore, this approval is made with the understanding that the FTA funding on individual projects contained in the FSTIP is subject to the grantees meeting all necessary FTA administrative requirements. Please contact Mr. Leigh Levine, at the FHWA at (916)-498-5034 or Mr. Jerome Wiggins, at the FTA at (415)-744-2819 if you have any questions regarding this amendment.

Sincerely,

 Leslie T. Rogers  
Regional Administrator  
Federal Transit Administration

 Gary N. Hamby  
Division Administrator  
Federal Highway Administration
